# Hi! What type of map do you want to create?

Choose the map type that will show your data best:

Choropleth map

Color regions to show data like unemployment rates or election results on a map. Upload your own map or use any of our more than 1000 maps. The resulting map is responsive & interactive.

Symbol map

Create symbols sized and colored according to your data. Works great for specific locations (like cities). Upload your own map or use any of our more than 1000 maps. The resulting map is responsive & interactive.

Locator map

Add markers to a map to show where something is located or happened, e.g. events within a city. Perfect for showing readers the places you mention in an article. The resulting map is responsive and static.
